100-443887-100

1. The first group of people who
 2. are interested in the study of
 3. the history of the world are
 4. the historians. They are people
 5. who study the past and write
 6. about it. They are interested in
 7. the events that have shaped the
 8. world and the people who have
 9. lived in it. They are interested in
 10. the way that the world has changed
 11. over time and the reasons for
 12. these changes. They are interested in
 13. the lives of the people who have
 14. lived in the past and the things
 15. that they have done. They are
 16. interested in the way that the
 17. world has developed and the
 18. people who have lived in it. They
 19. are interested in the history of
 20. the world and the people who
 21. have lived in it. They are
 22. interested in the way that the
 23. world has changed over time and
 24. the reasons for these changes. They
 25. are interested in the lives of the
 26. people who have lived in the past
 27. and the things that they have done.
 28. They are interested in the way
 29. that the world has developed and
 30. the people who have lived in it.
